The examples and perspective in this section deal primarily with the United States and do not represent a worldwide view of the subject. At the timber's inner end a fire burned on a shelf of rock and a man was stirring something in an iron pot. EachstoryconfirmsV. Regardless of the struggles he faced during his term, he was seen by many as a man of vision. Washington, DC: Author. An alternative way of categorizing data obtained from VAS is therefore suggested, and in the first experiment it could be demonstrated that by using this alternative data from both response formats turned out to be actually equivalent. We discuss this differential diagnosis in

the context of a boy from a consanguineous union with Van den Ende-Gupta syndrome, a diagnosis initially confused by the atypical presence of intellectual disability.
