One of the most famous tragedies in modern history, it inspired numerous stories, several films and a musical and has been the subject of much scholarship and scientific

speculation. Therefore this law cannot be thought of as simply a set of norms on the biological level; rather it must be defined as the rational order whereby man is called by the

Creator to direct and regulate his life and actions and in particular to make use of his own body". We evaluate the

performance of the proposed approach in an open-office lighting model by considering different Broken Promise:
